## SAN DIEGO

You've got an extra day to kill in America's Finest City. Here's what you do. **BY ARCHANA RAM**

**SAN DIEGO STILL EMBRACES** its palm trees, beaches and surfers, but the city's recent creative renaissance is giving the laid-back locale a new identity. For foodies, the influence of nearby Baja and big-name chefs has polished the dining landscape, while the internationally recognized craft beer scene continues to expand at an astonishing rate (look for local Stone Brewing Co. to open in Berlin, Germany, later this spring). Elsewhere, well-curated boutiques suit design-lovers, gastropubs share turf with museums and the consistently amiable weather is a savior for the winter-weary. The city is a playground for families, couples and singles alike, with a stylish new edge to boot.
