It's time for a refresh—and we're not talking about your social media feed. Ditch the screens and give your mind and body some much-needed R&R with a getaway to SCP Colorado Springs. We have everything you need for a wellness-minded getaway, from meditation rooms to outdoor excursions curated by our Soul Sherpas.

BOOK NOW

Here are just some of the ways we make your stay at SCP extra special...

MEDITATION MADE EASY

It's not just about the soft lighting, Zen-inspired decor, and calm-inducing scents. SCP Colorado Springs has dedicated meditation rooms so you can reflect on your adventures in privacy or with your small group. You can also borrow yoga mats, Himalayan salt lamps, and aromatherapy diffusers from our front desk.

HEALTHY MEALS IN A PINCH

We work with community purveyors to stock our shelves at Provisions Market with Colorado-made eats that offer a taste of the local culinary scene. Explore the fresh bounty of the Colorado community and fuel your next adventure with healthy, energizing meals and snacks on-the-go.

SWAP SCREENS FOR SCENERY

Colorado is synonymous with stunning landscapes, and with SCP Colorado Springs located just a quick drive from the area's most notable natural spaces, you can soak in the views without being stuck in the car for hours. Visit sandstone formations at the Garden of the Gods, winding trails and wildflowers at Cheyenne Mountain State Park, and the signature red rocks at Red Rock Canyon Open Space. Ask our Soul Sherpas for tips on the area's best outdoor adventures.

It's time to enjoy some self-care this season.

Check out our Spring Break offers and book your stay at SCP Colorado Springs today!
