Adventures in Our Winter Wonderland

It's easy to understand why Colorado Springs is a favorite destination: the city sits at the foot of Pikes Peak, providing travelers spectacular vistas and endless opportunities for outdoor adventure. It's an easy road trip or flight with the Colorado Springs Airport nearby.

SCP Travel Tip: Just because it's cold outside, doesn't mean you can't breathe in some fresh mountain air and hit the trails at Garden of the Gods or Cheyenne Mountain State Park. Just be sure to make any reservations for guided tours or adventures early.

**Some restrictions apply. 4th night free is calculated at a 25% discount on total room stay of 4+ nights. This discount is reflected and applied to the daily rate. A \$10 food and beverage credit is provided for each night of your stay and can be used at Provisions Market.*
